THE ALL-NEW
OKAVANGO

For uncompromised moments

Uncompromised
Space

7 independent VIP seats

Enjoy a comfortably spacious ride with the smart interior design that makes every drive a unique journey. Seven individually controlled seats and one-meter legroom space in the second row for maximum comfort for everyone in the family

2050L huge loading space + 2.2M ultra-long leveling space

Have the space you need to bring everyone or anything along for the ride. The 2nd and 3rd rows fold fully flat, so you will enjoy lots of cargo space and organization

69% High Space Efficiency

With the submersible seat arrangement, the space efficiency is 69%, 6%-8% above the mean space efficiency of car industry

19 Customizable seats Layouts

User-friendly design allows for seats on both sides to be moved forward and tilted upwards providing convenient passage and access

42 Storage Spaces

Whether its kids' toys or sports equipment, Okavango offers ample space for all our storage needs

Back Row Spaces & Convenience

Three wide rows, driver seat with 6-direction electric adjustment and front passenger seat with 4-direction electric adjustment ensure easy and convenient entry and exit for everyone

Intelligent 3 Zone AC

Set the temperature to whatever your family wants thanks to the rear controls and 3rd-row vents. Whether they want it warm or cold, everyone in the family can control their temperature

Uncompromised Design

Refined Style & Impeccable Quality

Designed with the family in mind, blending space, flexibility, safety and affordability to offer unprecedented value

Front Grille

Elegant curves combined with sleek lines that turn heads on the road. Road trips with the family have just gotten more elegant

Skyline Double-tracked Ceiling Rack

The aerodynamic streamlined design reduces wind resistance and features a powerful carrying capacity.

Intelligent Multi-dimensional Exterior Rearview mirror

The electronically adjustable and foldable exterior rearview mirror, carries turn-signal function and supports automatic heating and defrosting

Quintessential Cockpit

Infinity-inspired gravitational air outlet designed dashboard

- High-grade leather materials
- Interior infinity field design elements
- 3D diamond-shaped technological pattern

Double-layer Central Channel Design

The flat and straight upper layer integrates the electronic gear lever, driving-modes and other control functions, all optimally maximizing space usage

10.25 Inch HD Infotainment Panel

See everything from navigation, entertainment and calls on a large screen. Controlling music for the family, listening to directions, and taking on calls is easier with just quick taps

60-inch Panoramic Sunroof

Open up to an expansive world of breathtaking possibilities.

Uncompromised
Technology

1.5L Turbo Charged Direct Injection Engine

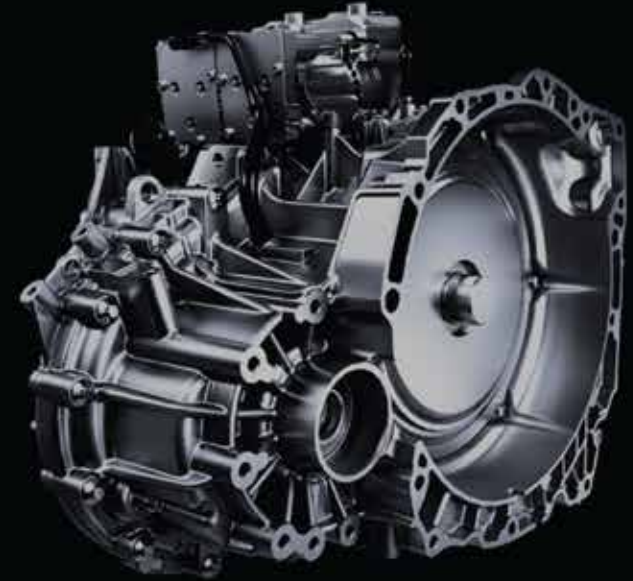

Smooth and efficient power you can rely on whenever you and your family want to hit the road

- 188hp and 300Nm of Torque
- 6.6 L/100KM efficient fuel consumption
- Produced under R&D partnership with Volvo

7 Wet Dual-Clutch Transmission

- 0.2s high-speed shift
- 97% transmission efficiency
- Optimized fuel consumption

48V Electric Motor Synergy

Quieter, faster and smoother engine

- Faster start time, powerful acceleration and engine-sourced battery charging optimizes engine efficiency
- Energy recuperation transpires through automatic ignition and On & Off function with pedal press & release
- Electric motor supports smart-sailing, triggering engine shutdown at high-speeds

48V EMS

Three Driving Modes - Comfort/Eco/Sport

Intelligent switching and a pleasurable driving experience: Okavango's selection of drive modes let you choose how to take on the road.

Comfort

Sport

ADB Matrix LED Headlight

- Intelligent follow-up steering and adaptive headlight rotation lighting adjustment according to the road conditions ensure stable and suitable driving field of vision
- Quad-mode camera-coordinated LED light source scans road conditions and incoming vehicular traffic to comfort the driver from high-beam frequency and dazzling

Electric Intelligent Anti-pinch Tailgate

Storing items and operating Okavango's rear is easy and hassle-free. One push of a button opens the tailgate automatically

Pilot Electronic Shift Lever

Experience wonderful driving comfort with an easy-to-handle electronic gear shifter. Move through the gears with just a simple flick of the wrist

EPB+Autohold

Give your foot a rest for stop and go traffic. Just step on the brake once to put your car at a full stop. One press of the Electronic Parking Brake firmly secures your car in place

Ultra-silence Technology

Based on three advanced core noise reduction technologies: Hydraulic mounting of torque axis, body cavity partition, and sub-system low-noise design, all contribute in reducing vibrations and control noise transmission and amplification, for overall better sound insulation

Sharp-edge LED Daytime Running Lights & Diamond-claw Fog Lamp

- Alerts vehicles and pedestrians, helps avoid risks and reduces vehicle accidents
- Diamond-cut optical blocks improve visibility, effectively cope with rain and fog, assists in illuminating bent areas and magnify field of vision

360° HD Panoramic Camera

Maneuvering has never been this easy - see everything around you with tactically placed wide and high-definition cameras. Whether you are parking or coasting, you can check out what is happening around you on the large 10.25" HD screen

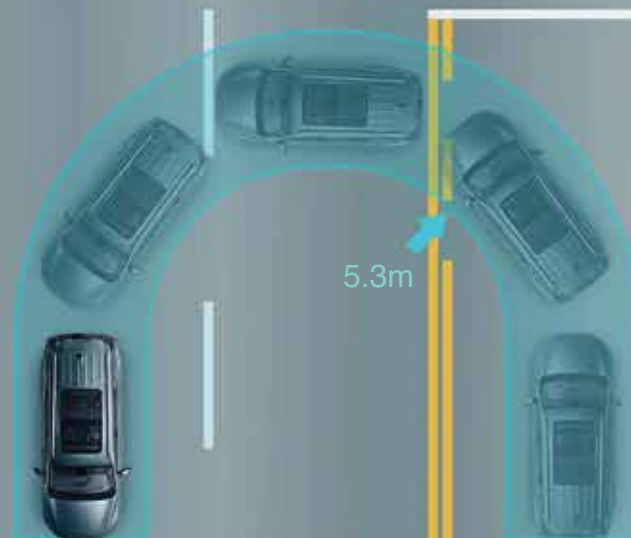

PEPS

Supports keyless and remote unlocking, ignition, audible & visual alarm trigger, windows open and close, and sunroof closing

5.3m Flexible Turning Radius

Smooth feeling and automatic self-alignment prevents unnecessary noise, overheating and damages to the mechanical parts, and allows the driver to easily turn around on a narrow road

Uncompromised
Safety

1500+MPa High-strength Steel

The car body adopts an enclosed "cage" type framework structure using high-strength steel. The body can effectively distribute the front, side and rear collision force through a specially designed collision force transmission path, in order to minimize any potential passenger injury

Hill Start Assist

Helps you climb steeper roads by holding your brakes when no driver input is detected while you are ascending hills

Hill Descent Control

Makes going down hills easier by preventing you from skidding forward when input is delayed during downhill driving.

Brand-new BOSCH 9.3 Version ESP

Allows faster braking, shorter brake distance, and comprehensive protection

6 SRS Airbags

Four 5.0-generation airbags and two curtain airbags provide comprehensive protection and safety for all passengers

6 Airbags

Standard-level CN95 Cabin Air-filter

Effectively isolates bacteria, smog, fine sand, road-dust, exhaust particles, pollen-spore, odor, and other hidden dangers that are harmful to passenger health

Odourless Environmentally-friendly Interior

Environmentally-friendly materials and processes adopted to keep passengers healthy
